"STORE IN A BOX"

Products for New Build,
Renovation, & Refresh Programs

“STORE IN A BOX” KEY FEATURES

- **NO FIELD MEASUREMENTS REQUIRED FOR MOST ALL PRODUCTS.**
 - THIS CUTS LEAD TIME JURASTICALLY. NO MORE WAITING FOR FRAMING TO BE COMPLETE, MEASUREING, FABRICATION TIME, THEN INSTALLATION.
 - WE ARE ABLE TO ELIMINATE ALL OF THIS....EVEN A MOJOIRTY OF THE FRAMING.
 - OUR PRODUCTS ARE THERE, AT YOUR SITE, READY TO BE INSTALLED WHEN MOST PROJECTS WOULD STILL BE FRAMING.
- **2-3 WEEKS TURNAROUND ON ORDERS.**
 - MOST PRODUCTS CAN BE MANUFACTURED FROM THE ARCHITECTS DRAWINGS, WITHOUT WAITING FOR AS BUILT DEMENSION ONCE DEMO, CONSTRUCTION, OR RECONSTRUCTION IS COMPLETE.
 - PRODUCTS CAN ACTUALLY BE READY FOR SHIPMENT OR EVEN TO THE JOBSITE BEFORE CONSTRUCTION BEGINS.
- **SIMPLE INSTALLATION**
 - LITTLE TO NO TRAINING REQUIRED FOR INSTALLATION.
 - INSTALLATION CAN BE PERFORMED BY G.C.'S IN HOUSE TECHS, OR LOCAL TRADESMEN, WITHOUT REQUIRING SKILLED ARCHITECTURAL METAL INSTALLERS OR ACM FABRICATORS.
 - ALL PROJECTS WILL INCLUDE SUBMITTALS/SHOPS WITH DETAILED DRAWINGS.
- **PRODUCTS DESIGNED AND ENGINEERED TO HANDLE THE LOAD**
 - ALL PRODUCTS ARE DESIGNED AND ENGINEERED TO MEET THE MOST DEMANDING BUILDING CODES IN THE COUNTRY
 - DESIGNED AND ENGINEERED TO WITHSTAND LOAD REQUIREMENTS OF “MIAMI-DADE”.
- **“OUTSIDE THE BOX” DESIGN = “INSIDE THE BOX” CONSTRUCTION**
 - PRODUCTS ALLOW FOR “BOX STYLE” CONSTRUCTION; ELIMINATING THE INTRICATE FRAMING TO ACHIEVE THE DESIRE PROFILES FOR IMAGE REQUIREMENTS.
 - FLAT-WALL CONSTRUCTION IS ALL THAT IS REQUIRED, OUR SYSTEMS SUPPLY THE PROFILE FRAMING AND FINISH.
 - THIS EXPEDITES CONSTRUCTION AND TURNOVER TIME. IN ORDER TO WRAP METAL OVER WOOD, PROFILE FRAMING IS VERY CRITICAL AND TAKES TIME. OUR SYSTEMS DO NOT REQUIRE THIS FRAMING.
 - AS A MATTER OF FACT, YOUR ENTIRE ORDER WILL ARRIVE IN A “BOX” READY TO BE INSTALLED!
- **30 YR. WARRANTY ON ALL FINISHES & NO “OIL-CANNING”**
 - WE ONLY USE ALCOA REYNOBOND & REYNOLUX PRODUCTS AS SPECIFIED BY THIS PROGRAM.
 - REYNOBOND 4MM PE ACM - COLORS: “BRITE RED” & “CLASSIC BRONZE”.
 - REYNOLUX 7.2” ALUMINUM RIBBED PANELS COLOR: “CLASSIC BRONZE”
 - YOUR FINISHES ARE APPROVED, SPEC'D, MATCH, AND WILL ALSO NOT FAIL.
 - EACH PROJECT IS DELIVERED WITH TOUCH UP PAINT FOR ACCIDENTS DOWN THE ROAD, TO AVOID EXPENSIVE REPLACEMENT/REPAIR VISITS.
 - ABSOLUTELY NO “OIL-CANNING” DUE TO THE EXCLUSIVE PROCESS AND MATERIALS WE USE.
- **OUR PRODUCTS MEET IMAGE ACTIVATION STANDARDS EVERY TIME!**
 - WE COMPLY TO WENDY'S PROGRAM SPECIFICATIONS AND THE ARCHITECTS DEMANDS ON EVERY PROJECT.
 - IF THERE IS A QUESTION IN REGARDS TO IMAGE STANDARDS, WE DO THE RESEARCH, AND GET THE CONFIRMATION TO ENSURE THE CUSTOMER IS PROTECTED.
